ST. CHARLES, MO (KTVI)— The woman who faked a campus assault is no longer a student at Lindenwood University.

School officials say 21-year-old Joanna Newberry of Des Peres was dismissed after she made the false claim.

Newberry is facing misdemeanor charges of making a false report.

She told police she was attacked in a library restroom on March 7th, but fought off her attacker and was able to get away.

Five days later, Newberry admitted she made up the story, but didn't say why.
