

Berger to Ajah: A Story of False Rape Accusation

By [IKER](#) June 28, 2018

The story of rape in our society has grown increasingly and with the aid of social media, getting this stories out hasn't been much of a problem.

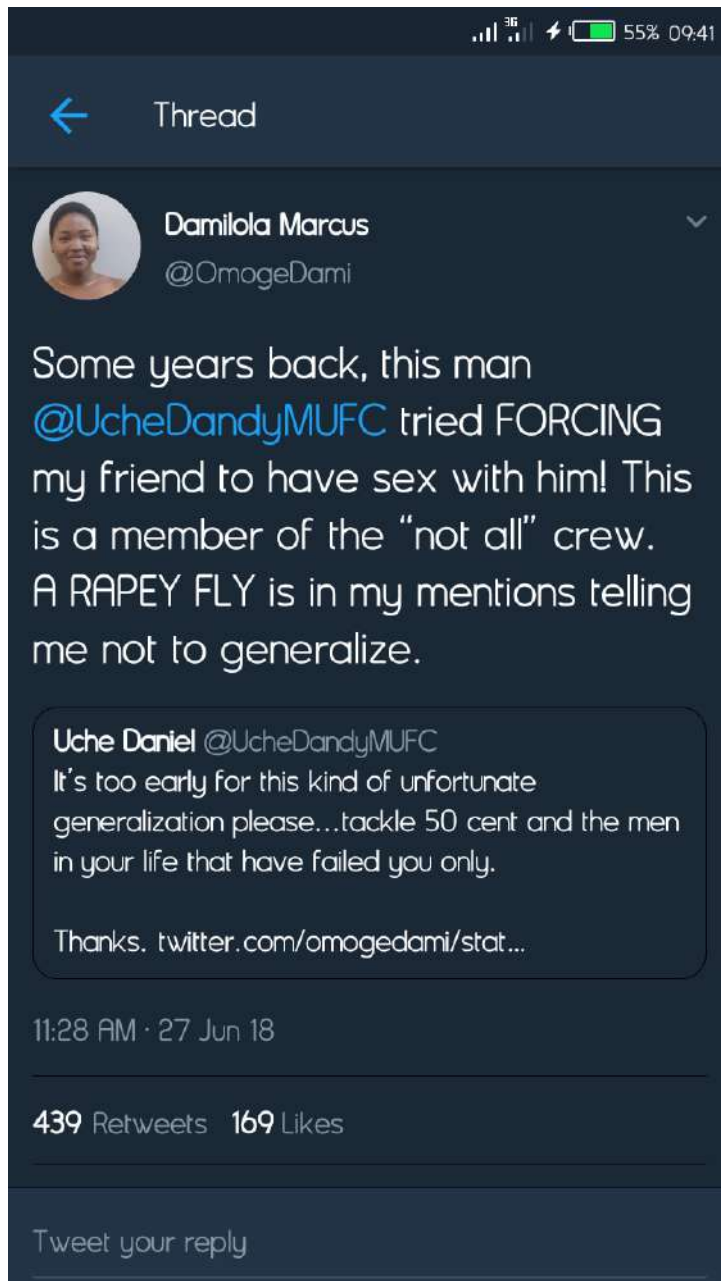

But, should a rape victim share his/her story?

Well, from my perspective getting the story out has been a two-way traffic in that if a guy is wrongly accused but can't let his voice be heard, it can have a huge psychological effect on him negatively and will definitely ruin his social status.

On the other hand, if a girl wrongly accuses a guy and the guy proves her wrong, the social media will end up making a huge mockery of the girl and in that discouraging real victim of rape not to open up.

Well, in this case, the lady tried but the guy was able to prove himself as he was keeping tabs.

Below are screenshots of what went down between a lady who went from Berger to Ajah to....

The Accusation!!

First things first...i hate drama so i like to keep my private life private....but when your name gets dragged for no reason...you blur the lines and face the drama you were trying to avoid.

Secondly, someone should tell @b_moree_ to unblock me because the drama she sought has found her.

And as such...i am going to address the allegations...

Thirdly, i want to apologize to my friends because of this drama...but there is nothing worse than being called a rapist and it cannot be left to speculation.

And after i have addressed it...it won't be mentioned again...it is the price one has to pay for associating with skreps.

I have a problem with the people telling me to let it go NOW....when all day my name have been thrown around..

Why should i let it go NOW?

First of all, a friend sent me a DM when the allegations came asking what the nonsense was..told him it was a load of crap and he decided he was going to take it up as well...so he engaged @OmogeDami in a DM convo and she babbled meaninglessly...

Anyone who knows me knows I would never drop screenshots of chats for any reason...but when you are being accused of rape...you have no choice....in 2016, @b_moree_ and I planned to meet after series conversation, last screenshot was her leaving the next day...

After meeting her...i totally lost interest after "everything" because she wasn't what she appeared to be on the timeline...and as such the conversations dwindled....fast forward to a year later....

Please how am i a "nice guy" if it wasn't consensual?? More than once that night?? And as clearly seen in the chat...it was a case of "Girl likes boy, they have sex, boy don't like girl, girl is angry" But she has the audacity to call me a rapist...

I said what I said

Maybe it's take too long
I've met you twice and have been able to connect with you
We've never had deep conversations or anything like that
You're a nice guy, don't get me wrong
But there's just some other thing

Made you don't take the time to get to know me
Do you weren't interested in connecting either

My friend said

Have a good evening
What if the other female engineers
How bright
It's fine
Thank you very much

My friend said

We should go...something again
Go don't know what I can tell you would want a night with you
The way you should use when you connect to her

Hello @b_moree_ coming for you legally is a waste of my time and resources because you are a SKREP. I am really angry but nah, you do not deserve me coming at you with all that anger....so this is where your story ends...

Uche Daniel @UcheDandyMUFC · 12h

But be rest assured, you called me a rapist...falsely....i am not a violent person but to God who made me, i will drag you by that skinny skrepy waist of yours to the nearest police station if our paths every cross...ANYWHERE.
