**H**ow do I get a corrupt legal system to investigate, charge and convict itself?

*T. Alexander Hickman*

If [T. Alex Hickman](#), Justice Minister, 1966 to 1979 also Health Minister 1968 to 1969 and Chief Justice of the Supreme Court of Newfoundland 1979 to 2000, 34 YEARS OF COMPLETE LEGAL SYSTEMS CONTROL, at 41 years of age, rapes and impregnates your younger sister Susan, at 12 years old, what would you do? Liberal MP Bill Matthews & his friends, raped the same child repeatedly, for more than 3 Yrs. At 14 ,she had a second baby, Aaron, she said she was 80% sure he is Matthews son. A third baby, Harriett, at 18 & 3 miscarriages also, by this time, what abuse of a child.

Matthews & his lawyer, Ed Roberts, pressured me to sign papers, saying Matthews had nothing to do with my family & I imagined it all. NOT SO. I have copies of their letters. 2 weeks after I signed these papers, MR ED, THE HORSE'S ASS, ROBERTS was made LT. Governor of NFLD. & LAB. by MR JEAN, THE JACK ASS, CHRETIEN, soon to be known as Canada's most CORRUPT Prime Minister.

After the Justice Minister, Rapes & Impregnates a 12 Yr. old child, in a small town & everyone knows, who will stop or charge anyone else, for Raping & abusing that same child??

PAUL MARTIN, IS THIS FEDERAL ENOUGH FOR YOU OR MUST I NAME MORE LAWYERS & JUDGES?? DO SOMETHING NOW or I will be forced to name many more, RESPECTABLE NEWFOUNDLANDERS, many names you won't like to read yourself. I am willing to take any tests and answer all questions regarding my entire life. All they have to do is take one blood test. It's time for them to stop manipulating our legal system and face the truth, which I have been telling anyone else who would listen, all of my life. I didn't just wake one morning and decide to accuse the most powerful and most corrupt legal animal in this province. I have had, no childhood, no education, no family, no hometown, no self-esteem or self-respect and no past, present or future as a contributing person. By the time I was 14 years old I was responsible for 9 younger children, all of us abused and molested while our hometown either joined in, bothered us about our situation, or looked the other way and said we were all trouble. Our mother has always been a hypochondriac and married prostitute in a town of 2500 people. She can go blind instantly, become a cripple instantly, go insane instantly and even convinced the doctors at our Health Science Center 4 years ago she was dying of cancer. They called her family and said she had a maximum of two weeks to live, but out of every situation she can instantly become well. This person is a disgrace to the human race. I am Byron Prior, the oldest of her 12 children.

(A) I was sexually abused by my mother from age 4 to 14.

(B) Physically beaten by my mother until I bleed because I tried to stop her friends and family from molesting my younger sisters.

(C) Sent next door with my mother's gay boyfriend almost daily for money from age 5 to 14.

(D) Brought to her drunk girlfriend's summer cabin to be sexually abused for money.

(E) Had to clean the blood from my 4 year old sister after she was sexually molested by our grandfather and left on the kitchen floor in a pool of blood.

(F) Had to watch while my oldest sister had three miscarriages and two children by the age of 15. One child for a member of the Newfoundland Government when she was 12, and a second child when she was 15 for another Politician, a girl, Majorie and a boy, Arron. In 1983 the girl, age 15, was given an illegal abortion in Montreal with everything arranged and paid for with spending money for her and my sister Joan, by a friend of the family. This girl has worked for Hickman's family business from high school to this day. Five of my sisters and one brother suffered similar abuse as I did.

Why is this situation allowed to continue for more than 40 years and ruin all my families lives? Is it because,

(A) Our mothers past customers are politically connected and run our legal system.

(B) Our mothers past customers are Grand Bank business men whose children are now politicians.

(C) One of our mothers family is a big wheel with organized crime all of his adult life and is a partner to politicians.

(D) Is it because two of her past customers are Salvation Army officers, who came by to help us but became customers as well.

(E) Is it because all of North America is corrupt and a family of 12 really means nothing to anyone when business and politics are concerned in an economy controlled by corruption.

(F) Is it to cover up Child rape and corruption by T. Alex Hickman and a business family with influence and business contacts all across Canada. The legal system now tells us justice for my family and I are three charges against one mentally delayed man with a judge and jury at the T. Alex Hickman building in the same town where we spent our entire lives with abuse and persecution. Two R.C.M.P. officers and the Crown prosecutors office will make no effort to have the location changed. Again there will be NO JUSTICE SERVED and as much covered up as possible. This I'm told will begin in Sept. 2001, at Grand Bank, NFLD I spoke with the Crown Prosecutor on Sept,18/01. He said his office has been trying to get the complete investigation reports from the RCMP for more than two years now and to this date still hasn't received them. He said this was in his experience, the first time he had ever seen such an unexplained delay to get information. On Nov 29/01 I'm told by Victim services, this has changed to Jan.11/02 for a trial date to be set.

**FR: Sister Donna.**

To whom it may concern: 04/13/98 There are many horrors that I can recall from childhood. Byron's too frequent trips to the woodshed next door; his having to sleep in the same bed as our Mother; his little hands, palms down, being held on the hot coal stove burner; the never ending beatings with belt buckles; braided nylon ropes; old- fashioned ironing cords; hot tea thrown in our faces or the face of my Father; knives and forks thrown at us; hot grease thrown at us or our Father; continual molestation - sexual - to myself and other siblings; continual verbal and emotional abuse; at eight years old I was locked in the cupboard under the stairs for hours with rats crawling around me because my little brother had misplaced his baby bottle while I was in charge of him; continual abandonment when Mother would take her vacation and leave us at seven and eight years old to take care of ourselves and the babies; being forced to quit school to go to work to provide yet more money for our beloved Mother; my younger brother, Allan, being thrown into jail for no legitimate reason, other than she wanted him out of the house - by the way; if you check, you will also find that there is no record of his incarceration; the abuse that we suffered was, and remains, never ending.....

Our lives have been destroyed. We all suffer from severe emotional problems. We have extreme difficulty trusting others. We cannot form loving relationships. It is very difficult for us to allow others to get that close to us without pushing them away. All we ever wanted was someone to love us for who we were; but, when we get close to others, we tend to sabotage those relationships - unconsciously. The cycle of abuse continued with my own daughter. My younger brother, Randell, molested her from the age of four years. This fact my daughter was afraid to confide to me until a year and a half ago. May God have mercy on his soul because "I Don't"!!!!

Both Byron and myself have tried to have those in authority - RCMP, Social Services, Clergy and Teachers help us, but, our cries for help fell on deaf ears. We were, to them, a disposable family of liars and children with overactive imaginations. Nothing can make the nightmares go away. Even the sleeping pills don't work anymore. It has to end! There has to be justice and a sense of closure for all of us. Please, if we stop this cycle of insanity from happening to other innocent children, then maybe our lives would have not totally been in vain. You are our hope. Please help us to find justice.

*Sincerely Yours,  
Sharl (Donna) Prior

## **A letter of Shame;**

This letter concerns what happened to my family and myself. The things that I remember are also the things I try to forget. I'm not very good with words so I will only tell you a few things of many which have happened within my family. Leather belts, ironing cords, ropes were only some things I was beaten with so many times I can't count. Verbal and mental abuse, the same humiliating things that were done to my sisters and brothers. Girls having to pull down their pants and pea in their underwear for our mothers long time friend, for money. I remember our mother going into a bedroom with him and coming out some time later. We have a brother and sister (who I love) who look and act like this guy. I expect, without much doubt, are his. I remember the abuse to my father, a man I loved with all my heart. Attacks on him with anything our mother could put her hands on, knives, hot water, chasing him out of the house. This man was home maybe a day every ten, and she would blame him for everything and when Dad wasn't around, we were blamed for everything, which was anything. This is a woman who every chance she had would call the police on me to try to have me charged with something. This was when she couldn't beat me anymore because I was a little older, but she still had to have control over me. This was a small town in Newfoundland with a population of 3500 people. So she would have me taken away from my home by the police and I would have nowhere else to go, this was control over me and she knew it. I would have to kiss ass just to have a roof over my head. (Of course this was after my father had passed away. He was afraid of her but he would never have let her do this to me.) This is a woman that had me put in jail during Christmas and New Year's when I was very young. This was for trying to teach my niece her homework, she said I had to ask her. Education was not something she was concerned about for her kids. All she wanted was when I had turned 15 was to get out of school and go to work in the fish plant so I could pay my way every week. She would loan me \$20 and I would have to repay her \$40 plus rent. This woman has a lot of problems. I do not hate her because she is my mother but I do not like her as a person.

I finally got out and moved to Ontario, uneducated with no direction, but out. I really haven't had any contact with her since then and have not seen her since. I think because of all these things and many more which as happened to me and things I saw that had happened to other members of my family is the reason I have a hard time to meet anyone, develop a relationship, or hold down a job. I'm always lost, I don't know if I should see a doctor or if it's just me, I'm lost. The way I am now is the way the rest also is, it must be because of her, take a look, it has to be. I'm writing this letter now so that this woman and the others who knew what was happening but did nothing face up and admit what happened. All of my family have the same problems and the

same memories which affect our lives. This is something I have never spoken about with anyone, but now maybe it's time. Hopefully, this will help me start to become a real person a whole person. Please do what you know is the right thing to do.

*Sincerely yours,  
Allan Prior*

**To Whom It May Concern:  
July 24, 2001**

My name is Byron Prior. I'm the oldest living of these 12 children. I not only had to live through my abuse but, watch as the rest of my sisters and brother were abused and raped. Three of my sisters raped, 1 by a grandfather at the age of 4, a second raped by T. Alex Hickman, Justice Minister, at age 12 & Bill Matthews & friends from 13 on. A third sister raped by a young man in our home town. The legal system are only concerned with keeping all this under cover and protect themselves. Please people, if you have a heart, walk one day in my shoes and tell me you would just forget because these bureaucrats say so. I have copies of my full statement on all the details of what happened, which I gave the R.C.M.P. on March 9, 1998, 52.5 hours at their office. I will send it to anyone who will send me an E-mail address. I will never forget the abuse, shame, and persecution to this day, from the animals who did this to my family.

*Sincerely,  
Byron Prior*

On April 3, 2000, the second in command of the R.C.M.P. for all of Canada, said in an interview from Toronto, organized crime totally controls Canadian businesses and affects every Canadians daily life, from video arcades to laundry mats. This is very sad, here in Canada we are lost and we all need help. Here in Newfoundland our Dictator, T. Alex Hickman, has had his hands in our Political and legal systems from 1957 to this very day. His family and friends control everything, including whether my family and I ever get justice for what was done to us in the town of Grand Bank. We've tried for justice at least 9 times from Police, Social Services, Clergy and Family members. This last attempt started on March 9/98. On July 24/98 an RCMP officer told me they have enough information to charge our mother and one boyfriend now. On February 25/00 an RCMP officer said he was recommending the justice department should lay 35 charges against several people. This officer was taken off the case, transferred from Grand Bank to St. John's custom's department position and his wife transferred to a new position in St. John's with Provincial social services department. To this day August 20/01 only 3 charges are

laid against one mentally delayed boyfriend and no trial date set yet . The trial date has been set for April 29/02. On April 5/02 I spoke with the Crown Attorney, Ted Cardwell, he said the only two witnesses for the trial on our behalf will be my sister Joan and me. The investigating officer John Warr of the RCMP is not necessary, my therapist of two years is not necessary, my social worker from victim services is not necessary and my sister Joan's therapist is not necessary. It seems to me like the final verdict has already been decided and again for the victims there is no justice. The Court did not proceed on April 29/02. It was found by the Judge and both attorneys that they did not have an unbiased jury toward the defendant and another attempt to find a jury in this same town will be made again on May 21/02. This is also the home town of my family and I and I asked the Crown Attorney, at the beginning of this trial, if it could be held in a neutral town to be fair to my family and I. If you have read some of the statements in this web site guest book you can understand why I made this request. It seems all consideration is given for the defendant but none for the victims. The R.C.M.P. freely admit that they are in position of 3 statements I had given them about the abuse in our family when I was a child but for some reason will not make these statements available to me or my lawyer. I would like you to read this request made of the R.C.M.P. by a local law firm on

**Dear Constable Remillard::  
Re: Our Client - Mr Byron Prior**

Further to the above and to our various past communications, most particularly our letter of February 16/01, despite the passage of several months we have yet to receive the information requested at that time. As it is ordinarily a straightforward matter to obtain, with that person's consent, the statements of a complainant we are at a loss to explain to our client why our request has not been answered to date. We would, therefore, appreciate your early attention to this matter and look forward to the immediate receipt of the requested material.

Trusting the above to be satisfactory.

Questions for John Warr, R.C.M.P. lead investigator who will

no longer speak with me personally.

1. Why would you say most of the R.C.M.P. Officers and Doctors in my case are retired and you couldn't find them now. Don't any of them get a pension? What address is that sent to?

2. Why did you tell two witnesses who volunteered information - a lady from Garnish and a man from Fortune, that this case would be very messy and they should think very hard before volunteering information, you would contact them in a couple of days for an appointment. They both changed their minds about witnessing.

3. Why didn't you question witnesses whose names you were given at the beginning of this case four years ago. People in Ontario and people 15 minutes from your office. One witness #85 & 86 in my guest book on my website and others who have telephoned me.

4. Why did you go to a Grand Bank business man, who had no information about this case, more than 2 years ago and tell him there was a very messy case coming up soon involving my family and I. Then immediately after you were transferred and only 3 charges laid against one person.

5. Why is the lead investigator not a necessary witness in this case? You investigated and recommended the charges be laid, you must have some information regarding this case.

6. Why in 2 years of your investigation, did you not once approach or ask Harriett Prior one question at all?

After all these years of reporting to the R.C.M.P. can everyone see why I have to inform the public myself. IT'S A DISGRACE.

On April 19/00 our Prime Minister is in the Middle East fighting for Basic Human rights. Here in your own house Mr. Prime Minister we need Basic Human Rights also. We are now fighting in Afghanistan for the rights of abused and persecuted people, most of whom are women, please allow my family and I some personal rights and dignity here in Canada. If anyone requires more info I have statements to Police, names and positions of all persons involved and letters from family members on what has happened to our dysfunctional family. Please contact us at [alltrue@nl.rogers.com](mailto:alltrue@nl.rogers.com) or call (709) 834-9822 Byron Prior. After you view our site please tell your friends and e-mail [pm@pm.gc.ca](mailto:pm@pm.gc.ca) and tell him, Justice for The Prior family of Grand Bank NFLD. is long past due, you need to give them Justice today. Visit their website at <http://maxpages.com/sexualabuse> I Look forward to living with Democracy, Freedom and Justice for my family also, here in Canada.

**FR: Sister Joan.**  
**To Whom It May Concern:**

What I am about to disclose is extremely painful for me but what I'm writing is completely honest to the best of my knowledge and recollection. I would like it to be known for the record that I have no desire to hurt anyone. All I am trying to accomplish is to help my brothers, sisters and myself get some closure in their lives; for them and for their families. For me, personally, I was and still am very strong. I endured nothing in comparison to some of my other siblings. I Love my Mother because she is my Mother and she did give me life; such as it was. However, there is no LOVE that compares with the love I have for my brothers and sisters. Therefore, I must tell the Gods honest truth. What I strongly feel for my Mother though is a sense of pity. She is and always has been a Manic Depressant. She has taken so many drugs in her lifetime that I sometimes wonder if even she realizes the extent of the damage she has caused us all.
