A 40-year-old woman has been arrested for allegedly filing a false rape report and remains in Miller County Correctional Facility in Texarkana, Ark.

The woman originally reported she was raped about 6:30 a.m. May 20 at a cemetery on County Road 127 while delivering the Texarkana Gazette. The woman was an independent contractor for the Texarkana Gazette.

The alleged rape report was investigated by Miller County Sheriff's Department and Arkansas State Police.

The investigation determined the "allegations of the rape were false," said Miller County Investigator Brian Tribble.

A felony charge is expected to be filed in the Miller County Circuit Clerk's Office. The sheriff's department received a call about the alleged rape at 6:43 a.m. May 20. The woman was reportedly urinating outside her vehicle when the alleged rape occurred.

The woman was treated at CHRISTUS St. Michael Health System and released.

Tribble said the incident remains under investigation.
