Rape probe: Police arrest girl

DETECTIVES investigating an allegation of rape have re-released CCTV images of a group of men they are looking to trace.

It comes as police probing the rape have arrested a 17-year-old girl from Upminster in connection with the on-going investigation.

The Gazette told how earlier this month police on a routine patrol were flagged down at 3am on Saturday, July 3, by a teenage girl.

She claimed she had been raped in an alleyway near Grays Park in Grays.

Police probing the allegation have released CCTV images of a group of men they want to trace who may prove to be vital witnesses.

Anyone with information about the alleged attack or anyone who recognises the men can contact police at Tilbury on 0300 333 4444.

* The 17-year-old girl has been released on bail until September 25 while police continue their investigation.
